### Creating out Loud: Sustainability

# Agenda

1. Being here
  - Acknowledging Country
  - Check-in
2. Individual reflection – Sustainable practice
  - personal reflection
  - sharing reflection
3. Group discussion – Embedding sustainability
4. What next?

# Acknowledgement of **Country**

- The University of Queensland (UQ) acknowledges the Traditional Owners and their custodianship of the lands on which we meet.
- We pay our respects to their Ancestors and their descendants, who continue cultural and spiritual connections to Country.
- We recognise their valuable contributions to Australian and global society.

A person with dark hair, wearing a red sweater and a grey scarf, stands with their back to the camera. They are holding a light-colored acoustic guitar. They are looking out over a vast, mountainous landscape with green evergreen trees in the foreground and blue, hazy mountains in the background. The scene is bathed in warm, golden light, suggesting late afternoon or early morning.

Did you take your  
planned step?

Did you learn or  
enjoy something?

What comes to  
mind when you  
hear the word  
'sustainability'?

# Sustainability and the arts & culture sector

# Individual reflection

## Sustainable practice

1. How does your work relate to each type of sustainability?
2. What barriers to sustainability affect your work?  
How might you overcome them?
3. Whose present needs are (not) met through your work?
4. What could you do to meet the needs of future generations?

Share your  
reflections with  
the circle.

# Group discussion

## Embedding sustainability

1. How can sustainability be embedded as 'normal practice' in the arts & culture ecology?
  - What would it look like?
  - How could you help realize it?
2. How might the arts & culture sector contribute to sustainability goals outside its control?

What one step will  
you take before the  
next meeting?
